Workshop on QCD at high density

Information sheet for participants

1. Your conference badge allows you entry into the Institute during the conference. If you lose it you will have to go through the tedious process of creating an entry pass at the gate each day.

2. Students and postdocs who have been awarded _travel support_ should hand over the following documents to Sourendu Gupta on January 27: (a) the completed travel form (b) copies of journey tickets (c) one-way boarding passes (in case of air travel).

3. _WiFi connection_ is available in AG 66 and in the lobby area. Use the SSID QCD2015 and the passphrase qcd@tifr15

4. The talks given in this workshop are being _podcast_. Podcasts can be followed from the workshop link displayed in the front page of TIFR's web site.

5. _Your talk_ needs to be uploaded on TIFR's Indico so that remote audiences following the workshop by podcast can download it before your talk starts. If you cannot do this yourself then please hand your file to Anirban Lahiri who will do this for you. This should preferably done before the session preceding yours.

6. _Tea_ will be served on the West Terrace, visible through the glass door outside AG 66.

7. _Lunch_ will be served in the terrace behind the Homi Bhabha Auditorium. To reach this, walk along the colonnade outside the institute, and cross behind the statue of Vishnu.

8. _Drinking water_ is available in the West Terrace at all times.

9. An _ATM_ is available in TIFR. If you go past the swinging door in the corridor outside AG 66 you'll find it on your left.
