

# QCD at high density

## Thursday, 29 January 2015

### Session 8 - AG 66 (11:30 - 13:00)

-Conveners: Rob Pisarski

time	[id] title	presenter
11:30	[18] Measurement of azimuthal anisotropy of light nuclei produced in heavy-ion collisions at RHIC	HAQUE, Rihan
12:15	[19] On the thermodynamic relevance of experimentally not yet observed strange hadrons and their imprint on strangeness freeze-out in heavy ion collisions	SCHMIDT-SONNTAG, Christian
