

Perspectives and Challenges in Lattice Gauge Theory

Monday, 16 February 2015

Session 2 - AG66 (11:15 - 13:00)

-Conveners: Asit De

time	[id] title	presenter
11:15	[4] Excited-State Effects on Nucleon Form Factors	GEORG, von Hippel
12:00	[5] Lattice calculations for Transverse Momentum dependent Distribution functions (TMDs) and Double Parton Distributions (DPDs)	SCHAEFER, Andreas
