

# Wide Band Spectral and Timing Studies of Cosmic X-ray Sources

## Tuesday, 10 January 2017

### XRB -1 - AG-66 (10:00 - 11:00)

-Conveners: Sudip Bhattacharyya

time	[id] title	presenter
10:00	[0] Study of accretion flow around black holes becomes Science	Prof. CHAKRABARTI, Sandip
10:25	[2] How black hole spin may affect jets from accretion discs around black holes	Prof. CHATTOPADHYAY, Indranil
10:45	[3] TCAF Solution in XSPEC: An Efficient Model to Study Accretion Flow Properties of Black Hole Sources	Prof. DEBNATH, Dipak
